PHOENIX PARK HULL TERMINAL DEDICATION

May 3, 2022

On April 28, 2022, Phoenix Park Energy Marketing LLC (PPEM), a wholly owned subsidiary of Phoenix Park Gas Processors Limited (PPGPL), hosted a dedication ceremony for its newly acquired NGL terminal located in Hull, Texas.

The event, attended by the company's key external stakeholders and employees was held at the rebranded Phoenix Park Hull Terminal facility. Mayor of the City of Daisetta, Eric Thaxton warmly welcomed the new Phoenix Park company into the Hull community, as he participated in the ribbon cutting and unveiling of the plaque to officially mark the company's successful completion of the acquisition.

In his feature remarks, Chairman Phoenix Park TT Energy Holdings Company Ltd, Conrad Enill commended the team that worked on PPGPL's second North American acquisition in two years, saying that "while the board has provided leadership and resources, it's the efforts of the employees that must be applauded." He emphasized that as the company grows along the energy value chain in fulfillment of its strategic objectives. "Phoenix Park 4.0 is envisioned to be a fully integrated business that is invested along the energy value chain." In doing so, it will focus on sustainability across all areas of business. He stressed that, "the company's continued growth will redound directly to the benefit of its shareholders, customers, employees and the people of Trinidad and Tobago."

PPEM's president Donnie Schubert shared the company's plans to grow the terminal. "With this terminal, PPEM can access and aggregate LPG supply to sustain and grow its markets in Mexico and the U.S. This terminal has a maximum capacity of 16 rail cars per day (14,000 bpd); pipelines which connect the facility to its supply sources in Beaumont and Mt. Belvieu; over 40 acres on which the terminal sits and an additional 350 acres of adjacent land. The company plans to increase to 22 rail cars per day by April 2023 and to 44 railcars thereafter. Already the Engineering and Operations teams based in Trinidad are in the advanced stages of planning for these expansions.

The Phoenix Park Hull Terminal is a strategic acquisition for PPGPL and its subsidiary and through its skilled and competent workforce spread across the US, Trinidad and Tobago and Canada, the company is well poised for further growth, aligned to its vision to, "to be a recognized global leader in the development of energy related businesses."
